Summary: what happens if you go back in your abusive childhood, but you have to re-live it, and all your friends cant do any think to stop it from happening. that they have to watch while you re-live it. not a nice thought is it.

1. Chapter 1

Prologue

A past. Every ones is different, they can be sad or happy. Abusive or loving. Some people choose to forget there past. Some want to remember theirs. It can sometimes be a very scary thing for people to talk to people about it, or it can be a simple thing to talk about. One of the few people who don't like to talk about it is the one and only Sonic The Hedgehog. No one but himself, his diseased mother, father and old best friends Jade the Cat and Vanilla the Raccoon. So lets head back to the gang to let the past be recovered about the speedy blue hedgehog.

I hope you like :) tell me if there are any mistakes or wrong punctuation please. I'll try my hardest to make sure there are no mistakes. R 'n' R. no flames. We don't want my laptop to burn into ashes, do we now. Hope you like. Peace out. :D

2. Chapter 2

Okay so her is chapter two for ya al' hope ya like it. I'll try to post as often okay? Okay um in the prologue I did forget to say that all Sonic characters belong to SEGA all except for my characters, sonic's mother, Vanilla and Jade, his father and any other characters I think of or other peoples there own characters to put in here. So on with the story. R 'n' R. hope ya enjoy. If you have any ideas PM me. See ya!

"SONIC OH WERE ARE YOU MY FUTURE HUSBAND" yelled a flu resent pink hedgehog, who was wearing a red dress with white timings on the end and also a red high boots that also displayed a white line striate through the middle. At this particular moment though she was also holding a gigantic hammer that she like to call the piko-piko hammer, she was holing this in case the speedy blue hedgehog was in peril so she could save him.

Then she saw him. Stalking at his like he was the pray of a cheetah in the African wild. Then she pounced and strangled the surprised hedgehogs arms, in the one hug that could end a life. (A/N BARE HUG I also hate Amy to the core).

"I've finally found you my sonikku, were you hiding my love. I've been looking for you for ever" screamed the pink fer ball.

" Aâ€¦.. Amyâ€¦.cant brâ€¦.breath" stutters a choking blue hedgehog who was under the raft of the Amy Hug.

"oh I'm sorry my love, I hope I didn't hurt you at all" apologised the pike demon known as Amy Rose (I'm myself and every other characters manly sonic's opinion). But as soon as he let go he was off in a blue streak of light and a sonic boom was heard and that was all that was needed to indicated that he was gone. "Why can't my love love me back the way I love him, I would do any think to know why he doesn't love me."

SOMEWHERE ELSE, WITH EGG MAN OF COURSE. DAN DAN DAAAAAA.

"so that pesky blue pin cushion still cant handle Amy, he wont have to worry about her though he'll have another problem to deal with once I'm finished my latest invention. Mwa hahahahahahahahahahahahahah coco" choked the evil genius that is known as Ivo 'Egg man' Robotnik.

I hope you liked it, just don't throw tomatoes at me because of the cliffhanger. R 'n' R. Don't forget to just live life to the foulest you can and love every moment of life you can. Hope ya have a very wonderful evening or day, it matters when you read it. An I will try to post a new chapter every 2 weeks at the latest, but I have lodes of assessments and test right now. But have a nice time waiting for the new chapter haha. :D ^-^ seya

3. Chapter 3

Hey guys I hope you enjoy this new chapter of the story. I hope you like don't forget sonic characters belong to SEGA or else you would of seen shadow in a dress sing the happy song, and we know that is never gonna happen. R 'n' R. if you have an idea for the story PM me because I will most likely use that idea and we don't want any spoilers do we now. Let get on to the story. Tell me if there are any mistakes.

Now that the speedy blue hedgehog had stopped running from Amy, he was now perched in a tree sleeping Beep beep beep went the wrist communicator. On the mini screen it showed the Icon of tails. So sonic obviously answered it.

"yo little bud' how you going."

"oh I'm fine, the reason I called is that Egg man is-" said tails before the blue hedgehog cut him off. "Egg head is attacking the city? Thought so, I'm on my way lil' bud'."

And with that he got up about to speed off to the city. When Sonic got there how ever, there was a slight pain in the back of his neck before everything went black. Sonic then fell limply to the floor.

In the city central

"Were the hell is that damn Faker?" asked a very agitated red and black hedgehog.

"shadow hun he's probably on his way right now" sead the gem thief known as Rouge, who was watching up in the sky at the destruction going down below her.

The city was in chaos there were robot parts that littered the ground. Some of the sky scrapers were in flames, as well as the dark clouds that gathered above the sky above then all.

"Hohohoho, that pesky blue rat wont be here any time soon Shadow" said the mad scientist. "and why would that be Egg Man?"said the nosy echidna Knuckles. "this would be why." and with that he picked a blue hedgehog up by the quills. "And you'll be joining him." and with that said Tails, Knuckles, Shadow, Rouge and Amy got a small sharp pain in there neck as they got hit with tranquilliser. Shadow however said "If you hurt Sonic you will regret it Ivo." before he landed on the hard cold ground with a thud.

Don't forget to R 'n' R. and have a lovely evening or day. And if you have an idea for a chapter for this story don't forget to PM me, because we don't want people to know what might happen. Bye

4. Chapter 4

I know two chapters in one day. All sonic characters belong to SEGA all except my oc's who of course belong to me. Hope you have a lovely time reading this story so far.

"gaa, were am I?" groaned our certain blue speedy hedgehog. As sonic got up he started to see he was confined in a glass container that was also in a large metal room. As the blue mobian looked to his right he saw Tails, Knuckles, Amy. Rouge and Shadow were also in a glass container but the thing was they were all in the same confined space together, but he was not. As the orange mobian started to stir he lifted his head, and saw that his best friend was also awake, as he started to yell to every one to wake up. As every one woke up they all had a look around and when there eye fell on sonic.

"SONIKKU MY LOVE ARE YOU ALL RIGHT? screamed a pink hedgehog as she pulled her piko-piko hammer out and started to hit the wall, but suddenly stopped as she heard a scream. "AHHHH" screamed a blue hedgehog. "hohohoho I wouldn't do that you stupid girl because lets say you did that again sonic will feel the pain and vis versa" said Doctor Egg Man. "what do you want egg head?" asked Sonic. "Oh nothing just for someone to test out my new invention" said the bloated human

as he uncovered a machine that had two sides. One side had wires that were connected to the little glass container and the other side had the same little wires but they were connected to sonic's friends, but both sides had a big green lever. "what is that?" asked the red mobian. "Oh your about to get a taste of it. Ho ho ho ho" and with that said he pulled the lever to the side that was connected to the side the hero was in.

Smoke encased the whole room and when the smoke cleared sonic the hedgehog was no longer there. "what happened, were is Sonic? Asked Tails. "oh you'll find out" then the other lever was pulled and the rest of the gang was transported to an unknown place.

Ohhh I left this on a cliff hanger hehehe. Don't hate me. Hope you have a nice day or evening.
